Holden 202 - Engine Master Australia

One of the neatest and easiest ways to turbo the Holden 202 engine is to use the 'J' pipe system. This is also the most cost effective for the power output that can be achieved using this system. To build our 'J' pipe system we have used the factory blue/black motor exhaust manifold.

Project turbo 6

In fact a 186S is about the only stock pre blue/black 3.3 Holden 6 powered vehicle outside of GTR or XU1 or 202 powered LJ that could exceed 100mph. The quarter mile times and top speeds for a HK-HG 186S manual are almost the same as a blue 3.3 manual VC-VH, very similar tyre diameter, same (3.36) rear axle ratio, almost the same weight - Commodore has about 60kg weight advantage.
