Policy, Politics, & Nursing Practice (PPNP) is a quarterly, peer-reviewed journal that explores the multiple relationships between nursing and health policy. PPNP serves as a major source of data-based study, policy analysis and discussion on timely, relevant policy issues for nurses in a broad variety of roles and settings, and for others who are interested in nursing-related policy issues.

Policy, Politics, & Nursing Practice: SAGE Journals

Comprehensive coverage of healthcare policies and politics provides a broader understanding of nursing leadership and political activism, as well as complex business and financial issues. Taking Action essays include personal accounts of how nurses have participated in politics and what they have accomplished.

Policy & Politics in Nursing and Health Care - 7th Edition

They provide analysis on current issues in health policy and tips on how to communicate with your legislators. Many also offer workshops on nursing advocacy or legislative days at your state house, both excellent places to begin an advocacy career. Beginning nurse advocates should try to form a mentor relationship with experienced nurse advocates.

Policy and politics: Why nurses should get involved ...

By advocating for patient rights, nurses began to shape policy. As nursing struggled to come to consensus over the issue of woman suffrage, they published a journal, formed coalitions among themselves and with non-nursing groups, and discussed the political ramifications of both sides of the suffrage question.

A Historical Perspective on Policy, Politics, and Nursing ...

The truth is, any nurse can influence policy and politics at the local, state, and federal levels. Locally, nurses can become politically active by assuming leadership positions in the healthcare system or contacting elected officials about legislation affecting the industry.

The nursing profession's potential impact on policy and ...

Politics and policy are at the health of health care and improvements to population health, and also directly impact the working environments and conditions of nurses.

The contribution of nurses to health policy and advocacy ...

The purpose of the American Nurses Advocacy Institute (ANAI) is to develop nurses into stronger political leaders and motivate change from the grassroots of nursing. Since its launch in 2009, ANAI has created a well-prepared and connected body of registered nurses who are equipped to influence policy at local, state, and national levels.

Nursing Advocacy | American Nurses Association

Many nursing scholars, professional nursing organizations, and other health-focused organizations, expect and encourage nurses to engage in socio-political activities. Yet, studies have shown that nurse participation in political activities remains low.

Nurse Participation in Political Activities: Level and ...

The organization makes its commitment to policy formulation clear on its website: "Since the work of Florence Nightingale, nurses have helped shape public, health and nursing policy. Visionary nurse leaders understood the consequences of the social, political and economic factors on the health and well being of the public.

Influence through policy: Nurses have a unique role

Advancing the nursing profession is the heart of the American Nurses Association (ANA). By speaking through a unified voice on policy issues, and supporting nurses to practice to their full license, education, and training; we will improve health care for all.

Practice and Policy | American Nurses Association (ANA)

Political apathy in the nursing profession can be attributed to numerous factors, including a lack of knowledge of the political process and public policy formation, feelings of powerlessness, and a perceived ethical conflict between professional values and political involvement.

Political Involvement in Nursing-Education and Empowerment

Moreover, policy and politics determines nursing itself - past, present and future. It profoundly shapes the practice and workplaces of nurses at local, regional, national and global levels (Salvage & White in press). Most nurses say they just want to get on with their job, and not worry about the macro-level concerns of policy and politics.
