At the 5th fret the 6th string produces an A note, hence the chord in this example is an A7. A m7 bar chord shape is the same as this but without the 2nd finger being applied to the fretboard. This bar chord takes it's shape from an open A chord and so, as you may expect, is commonly referred to as an 'A shape' bar chord.

A barcode is an optical, representation of data that can easily be scanned by a barcode reader. A barcode is used to store a number such as the product code of a product for sale in a shop, or the ISBN number of a book. The barcode you scan in a shop most likely uses the UPC (Universal Product Code) format which means that it consists of 12 numerical digits (0 to 9). With a UPC barcode, the ...
